

Jake Tindall

BAS
M ARCH (PROF)

Education

Master of Architecture (Professional),
Victoria University of Wellington, 2013.
Bachelor of Architectural Studies,
Victoria University of Wellington, 2011.

Work Experience

Jake joined Moller Architects in 2014 after completing his education in architecture. Jake has worked on a wide range of projects of various scales and types while at Moller Architects, from multiple large and complex commercial developments to small residential projects. He is committed to working collaboratively with others to realise each project's potential and strives to achieve the best quality outcome possible.

Work Undertaken

Kaimataara o Wai Manawa

A new public open space lookout platform and café overlooking Birkenhead's Le Roy's Bush Reserve with wider views of the Waitemata Harbour and Hauraki Gulf.

Horizon Hotel

A 300-room five-star hotel that forms part of the master plan together with the New Zealand International Convention Centre. The building is comprised of a 12-storey tower above the ground floor reception lobby and public spaces, and multi-story basement levels.

NSP Apartments

A Large mixed use apartment development comprised of multiple apartment towers with podium level retail and commercial spaces and multi-story basement parking levels.

Lala House

A contemporary addition and alteration to an existing house in Mt Eden.
Otaki Development Masterplan
Master planning of a six-hundred-unit housing development.

J H Whittaker & Sons - Stage 8

A new factory building with production areas, entry and reception atrium, and separate levels for additional staff facilities and office workspaces as part of the Whittaker's Chocolate Factory development.
